

Namibia Under South African Rule: Mobility And Containment, 1915-46

The peoples of Namibia have been on the move throughout history. The South Africans took over from the Germans in 1915 in trying to fit them into a colonial landscape.

This book is about the clashes and stresses which resulted from the determined efforts at containment during the first three decades of South African colonial rule.

'Namibian history is notoriously under-researched. Much important work has been done in recent years in doctoral and other theses but very little of this has been published. The first three decades of South African rule have been especially neglected. The book is then much to be welcomed. In particular it explores many new themes in twentieth-century Namibian history. The introduction is the most important part of the volume; it comments most interestingly on a number of key themes . . . The book as a whole carries Namibian history into new areas of sophistication. It is undoubtedly a major contribution to Namibian historiography.' – Christopher Saunders, Professor of History, University of Cape Town.

Contents: Introduction – CONSTRUCTION OF PEOPLE: CONSTRUCTION OF STATE Internal pacification by Robert J. Gordon – Women, VD & Windhoek by Marion Wallace – Pastoral economies by Jeremy Silvester – Gender, labour & politics in Ovamboland by Patricia Hayes – THE RESERVES: CONTESTING CONTAINMENT The Herero in the inter-war period by Gesine Krüger & Dag Henriksen – Power & trade in northern Kaokoland by Michael Bollig – Resistance in a native reserve by Ben Fuller – BEYOND THE POLICE ZONE: OVAMBOLAND Migration in the Oshigambo & Elim parishes by Harri Siiskonen – Social mobility in western Ovambo communities by Meredith McKittrick – The ambiguities of resistance by Wolfram Hartmann – The borderline by Petrus Ndongo – The Namibia-Angola boundary demarcation by Randolph Vigne – Index
